Fields Building With 6 Business Places Destroyed

Early Morning Fire Starts In King's Drug Store Basement

Fire that is believed to have started from defective wiring in the King drug store destroyed the business building of Mrs. J. B. Fields and the six business and professional places it contained early this morning with a loss estimated at \$200,000.

Destroyed were:

King's drug store, owned by Anton Stanich.
Quality Meat Market owned by O. E. Hachmeister.
Bell Telephone Co., offices.
A. N. Berke, physician and surgeon, offices.
E. J. Lutterman, dentist, office.
Smart Set Beauty Shop owned by Mrs. Hazel Hawkins.

The fire was discovered by Deputy Sheriff's Roger Kane and W. J. Wood, Third lake, who were making their final inspection tour of the village at 2:10 a. m.

They saw smoke coming from the basement of the drug store and immediately turned in the alarm. Wood said that wires leading into the rear of the building were in flames indicating a short in the wiring.

Besides the Antioch fire department with the Rescue Squad standing by, the fire was battled by Lake Villa and Fox Lake-Inglewood departments for more than three hours before the flames were under control.

The fire fighting continued until 10 a. m. before it was pronounced extinguished.

Stanich, drug store owner, was out of the city when the fire started and said he was unaware as to what the conditions were which may have started the fire. He estimated his loss at \$50,000. He bought the store three years ago from Mrs. Agnes Alford who bought the store from the owner King Corporation.

The Hachmeisters were unable to estimate their loss.

The telephone company saved much of the office equipment.

Dr. Berke's and Dr. Lutterman's losses will be total as will the loss at the beauty parlor. The three were on the second floor.

Hook Farm Residence, Carney Garage, Among Many Fires This Week

A residence and a garage were included among the six fire-calls of the Antioch fire department during the week up to last night.

In Antioch, the garage and contents at the Ed Carney residence property on Spafford street burned at 6:30 a. m. Sunday. Consumed was a Public Service panel truck which Mr. Carney drives in his work. It is believed that the fire started in a short circuit of the truck's wiring.

The two-car garage contained also all of the storm windows and doors for the house, a bicycle, lawn mower, and other tools.

Mr. Carney estimated his loss at \$800 and the Public Service company the same amount on the truck and its contents. Insurance was carried on both.

Shortly after noon Thursday the firemen were called to help the Lake Villa department in extinguishing a blaze at the Warren Hook farm residence on Loon Lake rd. Considerable damage was done.

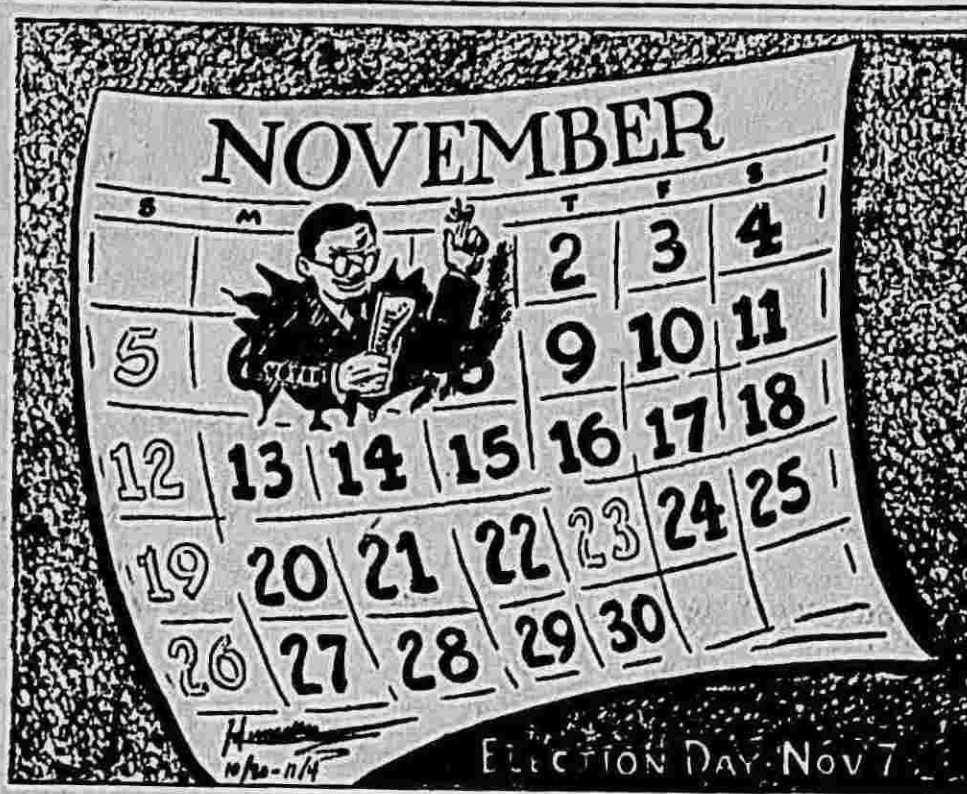

The firemen made the run and then discovered the fire was in the territory of the Lake Villa department and turned the supervision of the fighting over to them.

At 3 p. m. that day they extinguished a rubbish fire behind the Regal China Co., plant.

A grass fire that threatened the Paulson residence on Addison Lane Lake Catherine, drew the attention of the firemen on Monday and last evening they put out a rubbish and grass fire behind the lumber yard on Depot st., and at 8 p. m. a grass fire east of the Soo line tracks on Depot St.

Mrs. Walter Hills, rehabilitation chairman and members of the American Legion auxiliary have planned a candy bar shower for the patients of the Veterans Administration hospital at Downey. Anyone wishing to contribute candy bars may leave them at the Gibbs variety store not later than Nov. 10, she said.

Your Biggest Job Election Day

Tickets for Junior Play "Beyond Reason" on Sale

Tickets for the mystery comedy "Beyond Reason," which will be presented by the Junior class of the Antioch Township High school Nov. 18 and 17 have gone on sale and may be obtained from any member of that class.

Rehearsals are progressing rapidly under the direction of Mrs. Jeanette Tulumello, and an interesting and highly entertaining play is promised.

B.P.W. Club Will Hear Speakers on Issues of Election; Meeting Open

Miss Nita Benedict, history teacher at the Warren Township High school, will address the Antioch Business and Professional Women's Club at 8 p. m. Monday at the Scout Home on "The Issues of the Campaign," and "The Gateway Amendment."

Miss Benedict has her master of arts degree from the University of Wisconsin and has attended Columbia and Harvard universities.

She teaches during the summer session at the Illinois State Normal university.

Mrs. Robert Palmer, Highland Park, and a member of the Business and Professional Women's club, will speak on a county health program.

Mrs. Palmer is county health campaign chairman and has been associated with the Michigan Tuberculosis society and the Cook county and Chicago Tuberculosis societies.

Mrs. Fern Lux, legal action chairman, and Miss Mae Hartley, program chairman, planned the program. Mrs. Barbara Holbek and her committee will have charge of refreshments. The club extends an invitation to everyone interested to attend this meeting.

Mrs. Alberta K. Ross, 67 Dies After Long Illness; Burial Friday in Chicago

Mrs. Alberta K. Ross, 67, of 1005 Bishop dr., died at 8:45 p. m. Tuesday at the Lake County General hospital following a long illness.

She was born in Chicago Apr. 20, 1883 and had lived in Antioch the last two and a half years, moving here from 3828 Lakewood st., Chicago.

She was a member of the Antioch Methodist church, serving in the Wesley circle, and was a member of the Antioch Order of Eastern Star No. 428.

She is survived by her husband, Leander C. Ross, a retired Chicago newspaper man.

The body has been taken to the William H. Barron funeral home at 4322 N. Elston ave., Chicago, where services will be held at 2 p. m. tomorrow. Interment will be in Mt. Emblem cemetery.

Has High Bowling Score

The Northern Illinois, campus publication of the N. I. college in commenting on the results of the mixed bowling league contest said: "Mel Stillson's six strikes in a row gave him a 223 game which was tops for the men. . . . Tom Morse had high men's series with a 367 total. Stillson and Bower followed with respective scores of 359 and 353."

Stillson is a son of Mr. and Mrs. M. M. Stillson, 1040 Spafford st.

Dr. A. N. Berke Hurt In Car Crash Friday at Rte. 173, Savage Rd.

Dr. A. N. Berke, of Orchard st., is in St. Therese hospital recovering from injuries received Friday when his car struck a concrete culvert on Rte. 173 about 50 feet west of Savage rd., while avoiding a collision with a truck.

He suffered a fracture of ribs which caused a puncture of the lung, cuts on the face and knee, and wrist bruises.

While he expects to be home this weekend, he will be unable to resume his practice for two weeks or more.

Dr. Berke was driving east when a truck passing another car bore down on him. He drove off the pavement in his attempt to avoid the collision, and the crash resulted.

Antioch to Close Grid Season at Barrington; Loses to Ela 20 to 13

Antioch Township High school will play its final football game of the season Saturday afternoon when it meets Barrington.

The specter of injuries that has followed the Sequoia all season continued to pursue the back field, and another replacement at the half position will have to be made by Coach Maurice Krizan.

Appanatis suffered a fracture of his left wrist last Friday evening in the game with the Ela-Vernon Bears which resulted in a victory for the Bears by a score of 20 to 13.

The game was a good one and there were many good plays by both teams. Antioch scored a touchdown in the first quarter on running plays and kicked goal making the score 7-0.

In the second quarter, however, Ela-Vernon blocked a quick kick and set the stage for a touchdown. A few minutes later a series of passes carried them through on another drive and another touchdown was made on a running play. Not content with that, the Bears scored again, but failed to kick goal. That was the end of their scoring spree, but it was enough to win the game.

Antioch scored in the fourth quarter when Lukeman snared a pass from Haviland with three E-V's surrounding him and sped across the goal line for the 6-pointer. The goal failed and the scoring ended.

Future Homemakers Elect Officers, Plan Benefit

Officers were elected and plans made for a roller skating party by the A. T. H. S. Future Homemakers of America meeting Thursday afternoon at the high school cafeteria. It was the first meeting of the year for the club.

Officers chosen are Arvis Ring, president; Donna Martin, vice president; Charlene Nelson, secretary; Karen Martin, treasurer and Carol Loftus, reporter.

Proceeds of the skating party to be held at the Sequoia rink at a date yet to be chosen will be used to pay for the trip of some member to the F. H. A. camp at Bloomington, Ill. Miss Naomi Melners is faculty adviser of the group.

PARENTS OF DAUGHTER
Mr. and Mrs. Harmon Garwood became the parents of a daughter, born October 28 in Waukegan.

450 School Children Paraded at Halloween Party on Friday Night

56 Get Prizes; Bob Cain And Karen Rentner Top Winners

More than 450 school children were guests of the Antioch News and Antioch theatre at the Halloween party last Friday night.

The children paraded to the theatre in costume and were judged there for prizes. Then they received favors and were treated to some entertaining movies.

Fred Swanson, theatre owner, served as master of ceremonies. Judges were Mrs. Irving Elms, Mrs. Marion Rigby and Mrs. Joseph Horton.

Principal Richard Whitacre served as parade marshal and members of the police and fire departments and Rescue squad helped in directing the marchers.

There were many clever costumes this year. Karen Rentner, dressed as the "Goddess of Liberty" and Robert Cain, dressed as a robot, won the grand prizes of \$5 each.

Merchandise was given as prizes to the three best costumed boys and girls in each grade of school.

The prize winners, first, second, and third in order named were: Kindergarten girls, Norma Frank, Julie Lightsey, Carol Lasco. Boys, Chas. Cary, Don Blackman and Douglas Lang.

First grade, Karleen Rockow, Sheryl Lemke, Barbara Wilton. Boys, Bill Slater, Jim Cain, and Johnny Horton.

Second grade, Joyce Edrinn, Mary Wertz, Maxine Lemke; boys, Avery Ranney, James Metcalf and Jim Lucas.

Third grade, Joanne Masek, Janice Hughes, Mary Andersen; boys, Douglas Beatty, Michael Mortensen, and Arthur Bilkey.

Fifth grade, Karen Rentner, Dorothy Jack, Catherine Arndt; boys, Dennis Beatty, Robert Gable and Royal Rockow.

Sixth grade, Tammy Cary, Joan Mair, Marilu Bushing; boys, John Matteoni, Keith Gordon, Heinz Kaiser.

Seventh grade, Valerie Gresens, Ann Andersen, Sue Wolfenbarger; boys, Bob Cain, Ronald Cunningham, and Jerry Van Patten.

Eighth grade, Judy Shepherd, Lynn Rider, Paula Carney; boys, Bill Wilton, Kenneth Schultz and Fred Clarke.

Antioch High to Play 19 Basketball Games Starting Nov. 22

With the sound of the final football game barely ended, the Antioch Township High school basketball squad will begin practice Monday.

The Sequoia have a 19-game schedule this year which includes a holiday tournament at Grayslake.

The Grayslake Rams are on the Antioch schedule while another non-conference game is scheduled with Richmond. The season will start November 22.

The full schedule will be published next week.

First Dental Technicians Graduate at Great Lakes

The graduation recently of a mixed Navy-Air Force class of dental technician students at Great Lakes Naval Training Center was another milestone in armed forces unification. The class, first of its kind anywhere, numbers 38 Air Force men, 9 Waves and 2 sailors.

Major General George R. Kennebeck, USAF, was guest speaker at the ceremony, in Ross Auditorium. He is assistant Air Force surgeon general and chief of the dental division.

No Increase in Beer Price
Although the price of beer has advanced five cents on the glass in Waukegan and Chicago, the price remains the same in Antioch an inquiry revealed. The wholesale price went up recently and tavern keepers are having to pay around \$28 a barrel compared to \$12 a few years ago. Where the price was increased from 10 to 15 cents a glass, a larger is now used. "Antioch will be about the last to increase the price," one tavern keeper said.

Don't Forget to Vote Tuesday: Here's Where

Antioch township voters in Tuesday's election will cast their ballots at their usual voting places, the Antioch fire station, Orchard st., as No. 1 precinct; the village hall on Main st., as No. 2, and at the Lotus country school as No. 3.

Newport township will vote at the fire station in Wadsworth, and Lake Villa at the village hall there.

In Grant township No. 1 precinct polling place will be at the town hall, Ingleside; No. 2, at the village hall; Fox Lake; and No. 3, C. M. & St. Paul station, Long Lake.

The polls will open at 6 a. m. and close at 5 p. m.

Officials at No. 1 precinct Antioch will be Sybil Steiskal and Stella Franklin, clerks; Henry Pape and Charles Kempf, judges. Committeeman Jack Wolf announced.

At No. 2 precinct Harold Minto, John Brogan and W. A. Rosing will be judges and Mrs. Arthur Rosenfeldt, Mrs. Vera Horton and Mrs. Charles Jorgensen, clerks.

Police Limit Halloween Pranks to Traditional Stunts with No Damage

Antioch received its usual wide publicity as the result of attempts to maintain what some people consider traditional Halloween stunts.

While police were called to the south part of the village on a false report of vandalism, young men in a truck belonging to John Dupre attempted to place an outdoor toilet in front of Maurice (Cap) Radtke's barber shop.

Although they got the building off the truck, deputy police were on hand to stop any further action and they sped away. Later in the night, however, they were able to place a toilet, modern style, in front of the barber shop.

Dupre called for his truck, saying it had been taken without his permission.

While in earlier years pranks were placed in many parts of the village as a Halloween prank, the latest attempt to set one up at the Barber shop has no significance other than it is the center of the business district, and doesn't reflect on the barber shop owner.

On Tuesday evening six fire plugs were opened, but police closed them before much water was lost.

Nine extra police were on duty.

West of Mundelein a barn and two smaller buildings on a deserted farm were burned.

J. H. Worswick, Channel lake, frightened away a truck load of young men who tried to ram down his outhouse.

Republicans to Bring Campaign to Close at Waukegan Ball Saturday

The curtain will ring down on the Nov. 7 election campaign at the Campaign Ball to be sponsored by the Lake County Young Republicans at the Rink Ballroom, Belvidere st., at Jackson st., Saturday night.

Feature of the evening will be the selection of the Campaign Queen by Mayor Robert E. Coulson, Waukegan, and Miss Elaine Morley, director of the Morley School of Modeling.

The queen will be selected from among nearly a dozen candidates of Republican township organizations.

An outstanding list of prizes has been donated by Lake County merchants for the winner of the contest.

Music for the dancing will be supplied by Johnny Rappis and his orchestra.

Rappis and his crew of music makers have been fixtures at the Aragon Ballroom for several months and are noted for their smooth, danceable rhythms.

Tickets for the dance are now on sale from members of the Young GOP or they may be purchased at the door the night of the dance.

All county candidates will be present and will be introduced as honorary judges for the queen contest.

PARENTS OF SON
Mr. and Mrs. Robert Strang are the parents of a son, born in a Waukegan hospital.

Gateway Amendment, County Health Dept. On Referendum Ballots

Republicans Hope to Sweep County and State in Record Vote

Although campaigning has been comparatively quiet in the Antioch area, a large vote is expected Tuesday when citizens will cast their ballots on state and county officials.

Added to the interest in candidates for office is the balloting on the proposed amendment to the Illinois constitution, making amendment of the constitution somewhat easier. It is known as the Gateway amendment and has the support of most organizations.

A referendum to establish a health department in Lake county may be voted down or approved on a no or yes vote.

Perhaps the greatest office at stake is that of United States senator for which Everett M. Dirksen, Republican, of Pekin, Ill., is attempting to unseat Scott W. Lucas, Democratic leader.

With downstate voting general Republican and a split in the county ranks of Cook county, Lucas' stronghold, the election of Dirksen is forecast by Republican leaders.

Stratton Going Strong
William G. Stratton, former Ingleside resident, is out to defeat Michael Howlett, Chicago, for state treasurer, and Vernon L. Nickell, Republican incumbent, is aiming to beat his bi-ennial opponent C. Hobart Engle, Democrat, for superintendent of public instruction.

Earle Benjamin, Searcy (Rep.) and Ora Smith (Dem.) will take on another round for office of clerk of the supreme court.

Both parties have three candidates for the three trustee positions for the University of Illinois. The probability is that most voters will only know the Republican candidate Harold "Red" Grange the famous

Plan Open House for Township Library at New Main St. Location

The Antioch Township library board and members of the library staff are planning an open house from 2 to 9 p. m. Friday, November 17, to exhibit the library's new home to people of the Antioch area.

An added occasion is National Book week which extends from Nov. 12 to 18.

Whether they are patrons of the library or not, people will be given opportunity to see the library in its new Main st. location south of the Scout house.

A residence owned by the William Schroeders was given to the library district, and through a gift from the C. K. Anderson estate the place was remodeled so that the community has a highly satisfactory place for its "house of books."

Various rooms are set aside for adult, teen age, and young children's books and reading.

Local Dentist Director Of Federated Charities

Dr. Ben Berke, Antioch dentist, has been named a director of the newly-formed North Lake County Federated Jewish charities.

The non-profit organization, headed by Henry Fisher, Waukegan attorney, is sponsoring a talk in Temple Am Echod, Waukegan, Nov. 14 by Quentin Reynolds, renowned foreign correspondent and author.

Reynolds' talk will launch a drive for \$60,000 to aid charitable groups in Lake county, the U. S. and the new nation of Israel. Dr. Berke will officiate in the drive.

Because the village hall will be in use as a polling place Tuesday, the meeting of the village board set for that date has been postponed to the following evening, Wednesday.

President James McMillen has announced.

Transportation on Tracks

The next time you see a railroad train, ask yourself this question: "What would the country do without the iron horse?"

We take the rails for granted, as we do so many other invaluable things. Other forms of transportation have come into the limelight. But the fact remains that there is nothing to day that can challenge the supremacy of transportation on tracks.

The railroads still carry the great bulk of passengers and freight—including practically all of the heavy freight which keeps industry and agriculture going.

The railroads work day and night, around the clock—swiftly, efficiently, surely, in all kinds of weather and under the most adverse conditions.

When an emergency comes, we turn at once to the railroads to handle a huge and sudden hauling job that is vital to the national security—and they must do that in addition to the railroads' contribution to victory was immeasurable.

Their taxes are among the largest and most dependable sources of revenue for government on all levels. Many a county virtually lives off the railroads.

Moreover, no one subsidizes the railroads. No one builds them terminals and administration buildings. And no one builds them great highways to use as right of ways—highways which, incidentally, are breaking down under the weight of overloads faster than we can repair and replace them.

We would be in a sorry fix today without the iron horse.

The Facts About Business

A short time ago 140 Chicago teachers were taken on a tour of the oil industry's research and refining facilities in that region. They were addressed at luncheon by the head of a large oil company who said: "Business has done too little to give the teacher usable factual information about the tremendous changes that have been going on in the economic world. . . We need to hold in this country thousands

upon thousands of meetings like this, in which representatives of industry can show and tell school men what is going on in the laboratories, the industrial plants, the business offices, and the warehouses, and then discuss with them all the questions that are bound to arise.

Here is a way in which, by showing teachers what is going on in typical businesses, young people can be better prepared to enter the industrial world after their schooling ends. It is also a way to help end grave misconceptions concerning business. In the case of the oil industry, many people apparently still believe that it is monopolized by a few companies, that it earns inordinately large profits for its stockholders, that no one can enter it with hope of success today, and so on. The truth is that it is intensely competitive, that it is made up of many thousands of individual businesses of all sizes, and that people continually enter one phase or another of it and do well.

All business owes an obligation to the young, and those who teach them, to make the facts about its operations widely available.

Research in the Meat Industry

The head of one of the country's large meat packing companies* recently said that scientific research by the packing industry holds almost unlimited possibilities for improving the country's food supply and the nutritional and physical well-being of its people. The occasion on which he spoke was the dedication of the new research laboratory building of the American Meat Institute Foundation at the University of Chicago. The laboratory's purpose is to carry on a broad and comprehensive program of research in the field of production of livestock and utilization of animal products.

In the course of his talk, he also said, "Developments in the cattle and beef business provide an impressive indication of what can be done through research. For several years packers have normally sold beef at wholesale for less than they paid for the steer on the hoof. They have been able to do this in considerable degree because research has resulted in many by-products becoming of greater value. As a result the meat animal has become more valuable to the meat packer who buys it and thus more valuable to the cattleman who produces it. As this process goes on the producer has a greater incentive to produce more and even better animals and a greater supply of meat for America's rapidly growing population. This is in the interest of every man, woman and child in the country from the point of view of good nutrition."

For generations there has been a saying to the effect that the packers utilize all of the pig but the squeal. That comes close to literal truth. Product after product of commercial value has been developed by research. So have enormously useful medicines, such as insulin and cortisone. In the meat industry, as in so many other great and necessary enterprises, the laboratory is of the highest importance.

Don't Burn The Leaves!
by William H. Eyster, Ph. D.
Autumnal leaves are more valuable than gold. They contain humus and minerals which, if added to the soil, insure a healthy productive soil. Health in the soil is transmitted, through food plants, to animals and man. The falling leaves is Mother Nature's way of returning to the soil these essentials for health, a quality which money cannot buy. Let us cooperate with Nature by helping her distribute the fallen leaves where they will do the most good in forming a winter mulch which absorbs the rain, prevents erosion, protects the roots of shrubs and trees as well as the herbs which keep their leaves and stems close to the earth or retreat underground for the winter, and protects and feeds the organisms in the soil. Only a living soil is productive. Only a

living soil can produce foods which transmit health to animals and man. The organisms in the soil must have organic foods in the form of plant and animal residues just as animals and man have organic foods in the form of plant and animal products. Soil organisms are no more able to live on ashes and inorganic minerals than are animals and man. Let us, therefore, conserve the autumnal leaves and all garden and farm crop residues and feed the land in order that it may feed us.

Gather your leaves and use them for mulching your shrubs and trees. Shred or chop them in some way and cover your entire garden. By spring they will be broken down sufficiently to be incorporated into the soil. Or use them for making compost. Put down six inches of shredded leaves, a one-inch layer

of manure or compost, and a thin layer (sprinkling) of soil to which has been added pulverized phosphate and potash rocks. Repeat this layering until the heap is from two to five feet high. The size of the heap should be determined by your needs for compost next spring. Cooperate with your town or city officials in the proper disposal of the leaves from the streets and parks. Leaves are worth trucking long distances. They are more valuable than badly stored manures. Leaves and other plant residues must be returned to the soil if our civilization is to be permanent. Don't burn the leaves this autumn.

GLAMOURIZED COFFEE ... So good ... and so easy on a modern GAS RANGE!

RECIPE

Spiced Mocha Chocolate

Serve strong hot coffee and this hot chocolate in separate pots, accompanied by a bowl containing a mixture of 1/2 teaspoon cinnamon to 4 tablespoons sugar. Fill cups with 1/2 coffee and 1/2 chocolate, sugar and cream to taste.

Spanish Hot Chocolate

Grate 6 ounces unsweetened chocolate. Place in 1-quart saucepan with 2 cups cold milk and heat slowly, stirring constantly with wooden spoon. When mixture begins to boil, remove from range and beat hard until creamy and well-blended. Return to range, stirring constantly to prevent burning and boiling over. Simmer 10 minutes or until chocolate reaches consistency of thin cream. Serve very hot.

"Click-simmer" burners on a modern GAS range give you economical, sure simmer heat. Serve this unusual beverage after a football game or a few lines of bowling ... it's perfect! Call the Home Service Department of the Public Service Company whenever you're looking for new recipe ideas!

Savor the Flavor you get from a Flame

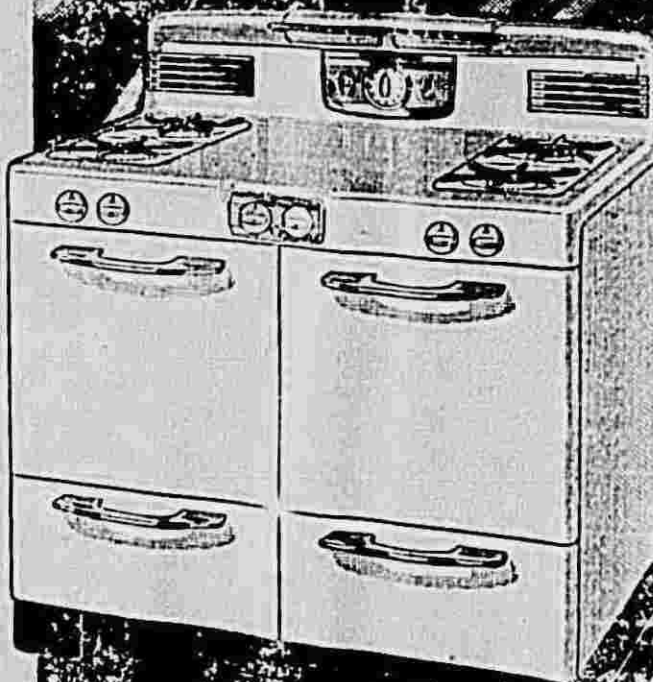

Economy is more important than ever these days and a modern GAS range is a big help in balancing the food budget. Slow-simmering stews and soups can be the mainstay of a meal ... and save on fuel at the same time. There's no guessing about simmer heat on a modern GAS range. You just click the control to "simmer" and forget it, knowing the soup will be just barely bubbling until you turn it off. Thick blanket insulation around the oven keeps the heat in and prevents fuel wastage. And economical broiler meals are delicious and simple to prepare on a GAS range. Be saving ... be smart ... cook on a modern GAS range.

LOOK HOMEWARD, ANGEL!

A message to those who are avid followers of the blood and thunder of Cook County politics but are innocent of the facts of political life in Lake County:

You read the Chicago papers. You follow the revelations of the Kelauber Committee. The scandals, the alarms and the excursions of Cook County politics intrigue you. You shudder at the murder of Lt. Drury, and devour stories that maybe it was ordered by Rocco Fischetti. The Fischettis are identified by the Chicago Crime Commission and the Kelauber Committee as top hoodlums. You soberly nod your head, pitying Cook County.

But you live, and your children must grow up, in Lake County! What are you going to do at the Polls to protect your children from these conditions described by Virgil W. Peterson, Director of the Chicago Crime Commission in his publication, "Criminal Justice"?

... "It became unprofitable for Rocco Fischetti and other members of the Capone organization to continue elaborate gambling establishments in Cook County ... Rocco Fischetti and other syndicate hoodlums thereupon transferred their attention to the operation of the Vernon Country Club, a lavish gambling establishment in Lake County. This county has been notorious throughout the Midwest for its wide open, protected gambling activities."

You have read the recent COLLIER'S article about crime and politics, involving Republican and Democratic officials in Cook county. Your anger is aroused against hoodlums and gangsters of Cook County.

Do you remember COLLIER'S verdict on hoodlums in your home county? What use are you going to make of your vote in this all-Republican-controlled Lake County of which COLLIER'S said on April 22, 1950:

... "The Chicago Capone syndicate long has controlled through Eddie Vogel most of the 329 registered slot machines in Cook County (outside Chicago). Last spring it also took over most of the 538 slots in adjoining Lake County..."

You know the batting averages of every official of Cook County. You are an expert on what they do right and what they do wrong. The Chicago papers are your diet and they, and you, are preoccupied with their public personalities.

Have you paid enough attention to your home county and its officials to know that the administration of our most important county office is described thusly in the lead

editorial of Lake County's strongly Republican daily newspaper on February 3, 1950?

... "The entire conduct of the State's Attorney's Office has been such as to invite law violation in Lake County. The complete collapse of the functions of the State's Attorney's Office in Lake County demands correction at once."

You regard the CHICAGO DAILY NEWS as a sober and trustworthy guide in public matters. You like its vigorous assaults on any straying from decency and integrity amongst public officials.

But your home climate is Lake County, and it is the moral atmosphere there your family breathes. Do you remember the CHICAGO DAILY NEWS articles of June 2 and 16, 1949 which told of State Inheritance Tax funds being paid out in tremendous amounts as "grave fees" to the leaders (including the Chairman then and now) of your Lake County Republican organization? The DAILY NEWS editorial of June 7, 1949 said:

"This is a prime example of the pickings that were available when spoils politics took precedence over personal scruples, community interest and public confidence in democratic self-government. . . If the conditions disclosed in Lake County stir the public indignation, the polls offer the best insurance against a repetition."

LOOK HOMEWARD, ANGEL! Don't foul your own nest! Your political loyalties to a National Party have given automatic election, without proof of ability or honesty, to local Republican slates. The preceding quotations from impartial sources should prove you are reaping a bad harvest at home because you neglect your home fields. You should be interested enough to use your vote for good, and not for bad, local government.

Learn the truth, which is: This year the Democrats offer a fine County ticket. There is a good man, an untainted man, a free man for every office. Consult your conscience, and if you consult it carefully enough, you will vote for the entire Democratic ticket for Lake County offices. They are new. They are good. Your vote November 7th will make the bed in which you lie in Lake County.

Fun With Hats to Be Subject of Talk At Woman's Club

Mrs. Edward McDonald, a Peoria farm woman who has made hats her hobby to such an extent that she is much in demand in the Chicago area as a speaker, will address the Antioch Woman's club Monday afternoon at the Scout Home on "Fun With Hats."

Mrs. McDonald, whose more intimate friends call her Martha, will bring along materials which she will use in illustrating her talk. She will give tips on how to improve the looks of hats at little expense, and at the same time will throw in the humorous comment as a matter of entertainment.

Hostesses for the occasion are Mesdames Joseph Horton, Myrus Nelson, Wendell Nelson, Thomas Pechousek, William Rosing, and George Anzinger.

METHODIST CHURCH WELCOMES TWENTY-SIX NEW MEMBERS

At the Membership-Sunday service last Sunday morning the Methodist church of Antioch welcomed 26 new members into the church. The service was the climax of the Evangelism Mission of the local church which included a community-wide religious census and a Preaching Mission. Many other families and individuals have made decisions to join the church and will do so in coming weeks.

Those who entered the membership of the church include the following: Mrs. Carleton Abbs, Mrs. Otto Christiansen, Mrs. Ralph Canode, Mrs. Glenn Fox, Mr. and Mrs. Frank Hennig, Mr. and Mrs. David Hunsaker and Boake Baird, Mrs. Grace Hess, Mr. and Mrs. John Lucas, Mr. and Mrs. Russell Luedtke, Mrs. Michael Robinson, Mr. and Mrs. Russell Rendall, Mrs. Frank Royer, Mr. Wilson Runyard, Mr. and Mrs. Elmo Smyth, Mr. and Mrs. Arthur Weber, Mr. and Mrs. Robert Willett and Mrs. Roger Williams.

A special program of welcome and get-acquainted has been arranged for Tuesday evening, Nov. 14, when an All-Church Nite will be held in the basement of the church. There will be a pot luck dinner, program and entertainment.

To Vote on Bldg. Plan

A congregational meeting of the entire membership over 21 years of age, of the Methodist church in Antioch has been called by the Building Committee for Sunday morning, Nov. 12, at the close of the morning worship service. The meeting has been called for the purpose of voting on the plans for the new educational addition to the local church. The architect will be on hand to answer questions.

Detailed drawings of the plans will be available for members to study during the week of Nov. 5 to 12. The plans will be mounted on a table in the Intermediate Department of the church school for all to see.

Indian Pt. Imp. Assn. Harvest Time Party

The recently formed Indian Point Improvement Association will hold its first Harvest Time party on Saturday evening, November 11th, at the Grass Lake School at 7:30 p. m.

There will be cards, dancing and entertainment. Refreshments will be served. There will be a donation of fifty cents. All are welcome.

Indian Point is a region about 5 miles southwest of Antioch on the shores of Fox and Grass Lakes.

Mrs. Harold Ellis, president of Antioch Unit No. 748 American Legion Auxiliary and Mrs. Lucy Himmens, 10th District Legislative chairman attended the Auxiliary Board meeting held on Monday evening at the Village hall in Lake Bluff. Mrs. Charles Prizer, of Lake Bluff is Tenth District Director of the Auxiliary.

The Tenth District meeting of the American Legion Auxiliary will be held on Wednesday evening, Nov. 8th, 8 p. m. at the Legion Home. All members are urged to be present.

Mrs. M. M. Stillson returned home recently from Springfield where she as a delegate of the Antioch Rebekah lodge attended a state assembly meeting of Rebekah lodges.

A meeting of the Young Republican club will be held at the Scout Home this evening (Thurs.) at 8 o'clock.

Mr. and Mrs. M. M. Stillson held open house Halloween evening for over 200 guests from the high school and alumni.

ANTIOCH P. T. A. CARD PARTY AND DANCE

The Antioch Grade school Parent Teachers Association will hold a public card party and dance at the school Friday evening, Nov. 17, at 8 o'clock.

Reginald King Will Be Speaker at Tea At Matthisen Home

Reginald King, who in September finished a successful season with the Plymouth, Mass. Drama Festival, will be the guest speaker at an afternoon tea at the A. F. Matthisen home on highway "V" Bristol township, Sunday, November 5th at 3:30 p. m. The subject of the lecture will be "Why I Am a Baha'" and is under the sponsorship of the Bristol Baha'i Group. The public is invited.

Mr. King's experience in many fields has been unique. Lately program director at radio station KFIQ, Spokane, Wash., he has spent the last twelve years in professional radio and theatre. He is widely known through his programs "The Vagabond Poet" and "Story Time with Uncle Rex", a children's program. For a number of years he has been associated with the Plymouth Drama Festival as Coordinator of Student Activities and Make-Up instructor as well as playing character leads with the Drama Festival Players and the Boston Stock Company. He has taught in the Drama and Speech department of Tufts College, Medford, Mass., and headed the radio speech department of Holy Name College, Spokane, where he also served as lecturer-consultant at the Eastern Washington College of Education, Cheney, Washington.

In addition to his theatre and radio activities, Mr. King has traveled thousands of miles as one of the very talented lecturers for the Baha'i Faith, just returning from a lecture trip through Canada. To reach the place of meeting from Antioch, turn right off of Main street across Soo Line tracks on North Ave. Take first left hand turn, follow this road to the first right hand turn, which is highway "V" Matthisen home, first place on left side of road.

M. Y. F. Program

Beginning this Sunday evening at 6 o'clock the Methodist Youth Fellowship of Antioch will sponsor a five-week series of outstanding motion pictures on the life of the Apostle Paul. The motion pictures, each about one-half hour in length will be followed by a discussion led by one of the young people in the group. Another young person will lead the worship service.

The pictures which will be shown each Sunday evening will be open to those desiring to see them. On successive weeks the following pictures will be shown: "Stephen", "The Conversion of Paul", "Years of Apprenticeship", "Return to Jerusalem", and "Ambassador for Christ".

The picture this Sunday will be "Stephen" a highly dramatic picture dealing with the period following the death of Jesus when the apostles continue their ministry in and about Jerusalem. Finding it necessary to appoint others to help in the work they selected Stephen who became the first great Christian martyr. This picture also introduces Saul of Tarsus who later became Paul.

V. F. W. AUX. PUBLIC CARD PARTY FRI. NOV. 3

Members of the local V. F. W. Auxiliary will sponsor a public card party Friday evening, November 3 at St. Ignatius Parish hall. Cards and bunco will be played beginning at 8 o'clock. Proceeds will be used for disabled veterans. Mrs. Laura Swanson, hospital chairman will be assisted on the committee by mesdames Myra Randall, Ellen Flint, Elsie Hays, Evaline Hatton and Pearl Anderson.

Health Committee Makes Final Plea for Favorable Vote on Health Department

A strong vote in favor of the county health department was urged today by the Lake County Public Health Committee, Vern Heath and Mrs. Mabel Schulz, Antioch local chairmen reported.

The Committee pointed out that no action is being taken now to clean up danger spots in the county and stop pollution of lakes. Eighteen hundred other counties in the United States find that a health department does work, the Committee declared.

"Qualified personnel free from political ties are the answer for action to rid us of over-flowing septic tanks, dumping of raw sewage in ditches and other health nuisances," the Committee said.

If, in the future, complete sewer systems must be undertaken, professional sanitary engineering guidance will make sure the tax dollar is wisely spent, the Committee pointed out.

Cost of the department is estimated on the basis of other counties with county health departments. The estimate for Lake County is 28 cents on a \$1000 of taxable property. In Will County the levy amounts to 30 cents and in DuPage, the tax is 18 cents.

By law the legal limit is 50 cents per \$1000 or .05 per cent on the dollar.

Added school services, better control of communicable disease to rid the county of typhoid fever and other preventable illnesses, laboratory services for testing wells and other uses, public health nursing, health education, and a qualified staff for civil defense or when an epidemic strikes were some of the other values pointed out by the Committee.

A county health department does not duplicate services, the Committee emphasized. It supplements and co-ordinates present services. If a satisfactory program is being carried on in some health field, the health department does not hire staff for that spot but concentrates its attention where needed.

Wrestling at Waukegan Features Zuma and Fritz Schnabel

Zuma, sensational 'Man from Mars' will meet the rugged Fritz Schnabel next Saturday night in the Waukegan High school gym. The bout will head-line an all-star show and will be of sixty minute duration with a two out of three fall verdict.

Middlewest fans have been thrilled by the outstanding and colorful

actions of Zuma. The steel helmeted grappler who enters the ring assisted by his valet Zorki, is the most sensational wrestler to come along in many seasons. Zuma has been the object of discussions by mat fans, who believe he is rapidly developing into one of the best drawing cards in the nation.

The remarkable Zuma faces an outstanding opponent in Fritz Schnabel. The latter is a brother of the terrible Teulon Hans, and comes from a wrestling family. There are four brothers in the Schnabel clan and every one of them are great wrestlers. Fritz is an unorthodox type of athlete, but is just as impressive as his brother Hans. The latter appears in many Tag bouts with Fritz.

Johnny Silvi, the Detroit red head and Charles Murray are paired over the twenty minute distance. Silvi is a colorful athlete who has been an auto racer, a grapho-analyst, a song writer, and a trapeze artist. Charley Murray, a youngster coming along at a fast pace has been gaining in popularity.

Now Is The Time For A Change

Restore The Good

Name of Lake County

The first step toward restoring the good name of Lake County is to elect a man who does not belong to the court house ring. Bart Tyrrell, an experienced police officer, is the man. He is strong enough to suppress the lawless and has courage enough to do it. His record as Chief of Police of Waukegan for six years proves the point.

football star who again wants to serve his alma mater.

The Prohibition party has candidates for all of the state offices but none is from this area.

For clerk of the appellate court, second district, Justus L. Johnson (Rep.) is opposing John L. Fraser (Dem.)

Mrs. Church Popular

There is a strong possibility that Mrs. Margaret Stitt Church will exceed in popularity her husband, the late Ralph Church as she bids for his seat in congress from the thirteenth district in opposing Thomas F. Dolan, Democrat. Both are Evanston residents. Mrs. Church made a favorable impression in her appearances in Lake county.

For the first time in many years the Republican party has placed candidates on the ballot for all three state assembly posts, Robert McCloskey, Lake Bluff, has been added to the present incumbents, Nick Keller and Harvey Pearson, Waukegan, in an attempt to eliminate the veteran Democratic incumbent, Thomas A. Bolger, of McHenry.

Quarrels in the Democratic party in Lake county this year have split the allegiance of party members, but should the Democratic minority cast all of its three votes to Bolger, the race will be a tight one. Drawing from Bolger's support will be George M. Maypole, Lake Villa, who

broke with the Democratic party early in the campaign and is running for the assembly as an independent. The results of this contest will be watched with interest.

Sheriffs Race Spirited

Only for the office of sheriff have the Democrats made any noticeable bid this year. Bart Tyrrell, former Waukegan police chief is again trying to defeat Walter L. Atkinson, North Chicago, who has held the office before, and has filled the duties of the office admirably.

Otherwise, Minard E. Hulse (Rep.) is expected to win over James P. Moore (Dem.) for county judge; Garfield R. Leaf (Rep.) over Fred Stefanowski (Dem.) for county clerk; Charles E. Jack (Rep.) over Thomas A. Pojuna (Dem.) for probate judge; Allen J. Nelson (Rep.) over Anthony S. Hannagan, Jr., for probate clerk; Hugo L. Schneider, Jr., (Rep.) over Frank Farella (Dem.) for county treasurer; and W. C. Petty (Rep.) Antioch over Arnold C. Koy (Dem.) Guerne.

The fact that throughout the world there are so many countries where the privilege of voting real desires and wishes does not exist, and the fact too, that this nation is struggling against Communism which would deny that right, makes the right of franchise more valuable than ever this year and assures the larger vote.

"Vote as you please, but vote," has been the slogan for farm organizations and non-political groups.

*As one who served with Representative Dirksen, I know these statements (by Lucas) to be utterly false. We allowed the rural electrification administration... more money... (1947-1948) for farm electrification than any previous democratic Congress... In fact... equipment manufacturers still have not filed the orders. The Dirksen subcommittee provided more money for Soil Conservation district in 1947 and 1948 than all the New Deal Congresses from 1932 to 1942 combined.

Exclusive rapid road service for GMC owners—call Western Union Operator 25 for name of nearest GMC approved service

SURE SIGN of a SMART TRUCKER!

WHEN you see this gleaming GMC emblem on a rugged new truck, you know its owner is sitting pretty for years to come. For GMC's have a time-established reputation for long service with low maintenance cost—and with minimum down time for repairs.

That's because every GMC is a real truck—truck-built by the world's largest exclusive manufacturers of commercial vehicles. Every unit of every GMC, from grille to tail gate, is engineered for trucking service!

To find quick proof of this, just compare a GMC with any other truck before you buy. Compare engine, frame, transmission; compare cab, axles and springs—see how much extra value you get.

Or count how many new GMC's you see on the road—far more today than ever before. Then see your GMC dealer and let him give you the inside story that explains why so many cost-wise operators are switching to GMC's because experience proves them best in the long haul!

New Rat Poison Slow But Sure; Use it Nov. 3 Farm Adviser Suggests

Farmers and others, used to quick killing rat and mouse poisons, will find the new poison warfarin slow, but sure, according to Farm Adviser Ray T. Nicholas. Warfarin and red squill baits will both be distributed on a non-profit basis for the county-wide eradication campaign Friday, Nov. 3.

All orders for bait must be placed with the farm adviser at the Lake County Farm Bureau office, Grayslake, not later than Oct. 25. This bait will be distributed at cost, as a project of the Extension Service of Lake County. The red squill bait will cost 50 cents per package and the warfarin bait \$2.00 for a five pound package.

The farm adviser suggests that two packages of red squill bait and five pounds of warfarin bait be ordered where there are just a few rats and mice, and that a double order should be placed where the numbers of rats and mice are unusually large. Payment must accompany orders, which should be sent to the Farm Bureau office, Grayslake, Illinois.

Warfarin was developed by Dr. Karl Paul Link and his staff of the biochemistry department of the University of Wisconsin. It creates internal hemorrhages in rats and mice and they are killed painlessly without ever realizing the cause.

Unlike most poisons, it takes several days for warfarin to work. Rats and mice need to eat only a small amount each day for about five days before death occurs. The poison is odorless and tasteless, and once they start eating it they do not stop until they are too far gone. For this reason, many may die unnoticed in their burrows in the ground.

Mr. Nicholas asserts that warfarin can be used safely on farms if reasonable precautions are taken to keep it out of the reach of livestock and pets.

The development of this poison by Dr. Link gives farmers one of the best tools to use in getting rid of rats and mice.

Malaya's Population
The population of the Federation of Malaya has increased 30 per cent during the last 16 years.

Dangerous to Cats
Many insect powders, such as DDT, chlordane and others, while relatively harmless to dogs in small amounts, may be dangerous to cats. Before applying any insect powder to cats, owners should read the container label. If the preparation is not specifically declared to be safe for cats, the owner should check with a veterinarian before using it.

Ink Spots

When you spill ink on your garment, never use milk in an attempt to remove it; in most cases, the milk is more difficult to remove than the ink. There are over two hundred different kinds of ink. Each type differs in its composition. Because inks are so complex in their makeup, and the techniques for removal are so varied, the average person cannot successfully remove ink stains.

**Aren't You Grown-ups Ashamed?**

There is no use pretending you don't see me. I'm not very smart yet, but I'm smart enough to see what you are doing to the country in which I must grow up and support my family.

When I do that, I wonder will I be allowed to be myself.

When I go to school, who is going to decide what I learn, my mother and father or a government bureau?

When I get sick, whose doctor can I go to, my doctor or the government doctor?

When I go to work, will I be able to pick my own job, or will I have to get a work permit from the government and take whatever job they give me?

I know some of you feel I need not worry. Why are you so sure?

What makes you think it would be "bad" for me to have to make my way in competition with others?

If I work a little harder, or better, or get lucky, will I be able to keep any more of what I earn than the other fellow who didn't work as hard, or as well, or get as lucky?

When did you get this idea that government can take care of everybody?

You know you can't get something for nothing; yet you pretend that people in Washington

can give you things without first taking them away from you.

Only a fool can be sold a ride on his own horse. Don't try to blame the people in politics; they are simply doing what you want them to do. Naturally they favor the things you favor because getting elected is their business. They'll change overnight if you do and would take the trouble to tell them so.

And how about you folks who manage America's business: won't you explain to your fellow workers and civic communities the importance of business and how it functions?

Even I know that you can't expect prosperity when everybody is getting more money for producing fewer things.

Have you adults forgotten that America produces so much more because of the whopping supply of tools of production that people used to be willing to provide in the days when profit was not a nasty word?

I don't quite know what you mean by the word "conservative", but if it means what I think it means, that's me!

At the rate you are now going, the private property system will fall apart, and the tools will fall apart with it: Then goodbye America — and me!

Aren't you ashamed!!!!

Vets Developing TB Can Still Get Compensation Under New Federal Law

Hundreds of Illinois World War II veterans who developed pulmonary tuberculosis within three years after separation from service may be eligible for full service-connected compensation, the Illinois Veterans Commission said today.

Under a law passed recently by Congress the period of eligibility was extended from one to three years.

Principal effect of the change will be the granting of priority to TB veterans for beds in VA hospitals or in "contract" hospitals. The latter are hospitals which the VA has contracted to pay the bills for service-connected cases. A veteran, however, must have authorization for admittance to a "contract" hospital.

In addition to hospitalization, veterans who are presumed to have developed tuberculosis as a result of service become eligible for up to \$150 in monthly compensation, up to \$91 in monthly dependency allowances and the right to outpatient treatment and medicines.

Service officers of the IVC have full information and are ready to offer assistance to veterans or their dependents.

In Lake county veterans should contact the IVC office located at 228 North Genesee street in Waukegan, Ill.

Mrs. Church Approves Hoover Commission Plan

In response to a questionnaire sent out by John Stuart, chairman of Illinois Citizens for the Hoover Report, to all Illinois candidates up for election to Congress, 31 out of the 52 candidates representing the two major parties have replied.

Each of the 31 candidates indicated that he favored the principles of the bi-partisan Hoover Commission's recommendations on Organization of the Executive Branch of the Government.

In answer to the question "Do you favor enactment of the balance of the Commission's recommendations?" (50 per cent of the recommendations have already been enacted into law by Congress), all candidates answered "yes", with 13 having minor reservations.

Mrs. Ralph Church, candidate for congress from the 13th district on the Republican ticket answered the questionnaire in favor of the Hoover commission recommendations.

Pearson Seeks Re-election on A Good Record

Has Strong Support of Both Labor and Business

On an outstanding record of ability and service in Springfield, State Representative Harvey Pearson is expected to be returned to the legislature as a Republican Representative from the Eighth district, comprising Lake, Boone and McHenry counties.

Representative Pearson introduced a bill calling for a secret ballot in the primary elections of the state, opposed an increase in the State sales tax to 4c and supported State Senator Raymond Paddock in the fight for maintenance and rebuilding highways and township roads.

Pearson has pressed for increased Workman's Compensation benefits to an adequate level as provided in other states and has been a sponsor of constructive farm legislation.

Pearson also supports the Crime

Commission bills as re-written. During his past term in the legislature Pearson commanded the admiration of the Taxpayer's Federation of Illinois and was singled out by George E. Mahlin, Executive Secretary of the organization for his excellent stand on the floor of the House during a special session to keep the referendum provision of Senate Bill 4—Chicago peg levy bill, an important protective campaign in the interest of downstate taxpayers.

Representative Pearson is an Ex-Marine and World War II veteran, is married and has three children. He is 34 years of age and lives at Waukegan, Illinois.

He has strong support with both Labor and Business.

Mrs. Mary L. Johnson, Lake Shangrila Dies; Burial to be at Kenosha

The funeral service of Mrs. Love Johnson, 58, of Lake Shangrila, who died at 2:30 p. m. Tuesday at Victory Memorial hospital in Waukegan, will be held at 3 p. m. tomorrow (Friday) at the Hansen funeral home in Kenosha. Burial will be in Greenridge cemetery.

Mrs. Johnson was in poor health when she came to Lake Shangrila

last May from Chicago. She was born in Tennessee and moved to Mount Morris as a child. She later resided in Kenosha and from there moved to Chicago.

Surviving are the husband, Henry E. Johnson; two sons, Thomas H. Johnson, of Gary, Ind., and J. Mearl Johnson, of Denver, Colo.; a sister, Mrs. Don Griffin, of Rockford, Ill., and five grandchildren.

National Tea Profits Up
H. V. McNamara, President, announced that the net profit of National Tea Co., for the 40 weeks ended October 7, 1950, amounted to \$3,833,121 after making provision for Federal income taxes amount-

ing to \$3,030,000. This result compares with a profit of \$3,050,873 after making provision for Federal taxes of \$1,940,000 for the corresponding period of 1949.

After deducting preferred dividends, the above results are equivalent to \$4.86 per share in 1950 and \$3.84 per share in 1949 on 769,380 shares of outstanding common stock.

- A&P gives you storewide low prices on hundreds of items every day... instead of a few items priced low for a few days.
- A&P's advertised prices are guaranteed for one week, even though market prices go up. A&P believes this policy helps its customers save more money.
- With the correct price marked on every item, plus an itemized cash register slip... you know what you save at A&P.

(Prices shown here guaranteed Thursday, Nov. 2 through Wednesday, Nov. 8)
